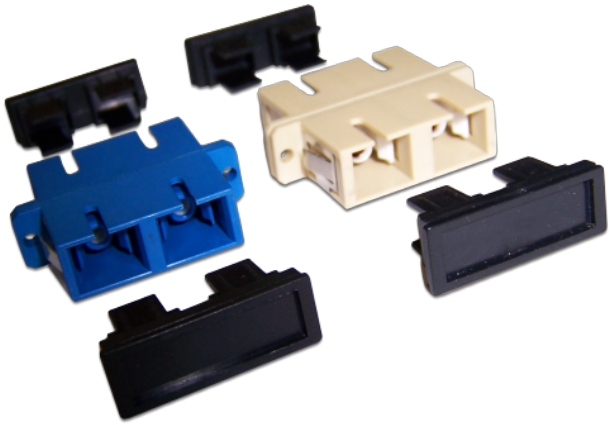
Product Data Sheet

TWT SC optical adapter, SM, duplex



Part Number: TWT-2SC-AM-SM

TWT SC optical adapter, duplex TWT-2SC-AM-xx: specifications, description, purpose and use in structured cabling, data center and LANMASTER infrastructure projects.

Description

Adapters are installed in optical patch panel, wall or rack type, and optical sockets.

Adapters are pass-through sockets and are used for precise centering of connector tips, and for fixing connectors pressed against each other.

Adapters are available for multi-mode (beige body) and single-mode (blue body) connectors.

Duplex SC adapter connects two cables terminated with SC connectors. Connector can be installed on a fiber in a cable, a pigtail, or a patch cord.

Part Numbers

TWT-2SC-AM-MM	TWT SC optical adapter, MM, duplex
TWT-2SC-AM-SM	TWT SC optical adapter, SM, duplex
