Velcro cable tie LANMASTER, 20 mm wide, 5 m

Product Code: LAN-VCM5M-xx

Velcro cable tie LANMASTER, 20 mm wide, 5 m

Description

Use when routing cables, to bundle cables together, and to tie cables to brackets or managers. Tightening force is adjustable. They have advantages over nylon cable ties because they are soft and eliminate the possibility of squeezing the cable.

The Velcro ties are reusable. The ties are made of quality material, they do not deform and retain their properties.

The ties can be easily loosened or removed if necessary. They are supplied in a 5-meter roll, which allows you to cut off pieces of the required length directly during installation.
