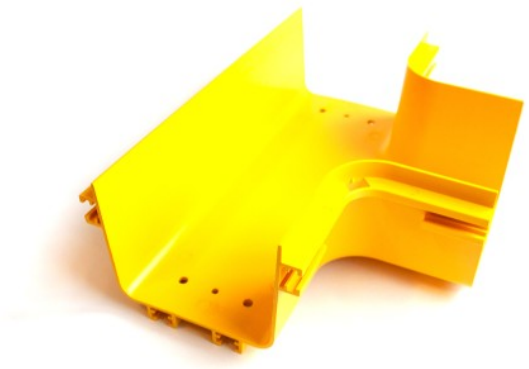
Product Data Sheet

360 mm fiber raceway horizontal tee, yellow



Part Number: LAN-OT360-ET

fiber raceway horizontal tee, yellow LAN-OTxxx-ET: specifications, description, purpose and use in structured cabling, data center and LANMASTER infrastructure projects.

Description

Purpose:

- Creates a horizontal T-shaped branch in a fiber raceway route.
- Connects three fiber raceway sections of the same width.

Features:

- Fast installation.
- High load capacity.
- Maintains a controlled fiber routing path at the branch point.

Package includes:

- Horizontal tee - 1 pc.

Typical application:

- Joining three straight fiber raceway sections with one horizontal tee.

Part Numbers
