Product Data Sheet

19" swing-out wall-mount frame, 305 mm deep, 6U, black

Part Number: TWT-FRWRT-6U-BK

LANMASTER 19" Swing-Out Wall-Mount Frame, 305 mm deep, black. Ideal for open mounting of network and telecom equipment. Features 180° swing-out side for easy access.

Description

Designed for open mounting of 19" network and telecommunications equipment, this wall-mount frame provides a space-saving alternative to full-sized rack cabinets when a compact cabling system is required.

Easy to install, constructed from durable cold-rolled steel with a robust powder-coated finish.

The swing-out side features hinges allowing 180° rotation for convenient access to equipment mounted in the frame. The frame can be mounted for left or right swing, providing unobstructed access to mounted equipment and cables. Cable entry points and tie-down points are provided on the frame surfaces for secure cable management.
