Product Data Sheet

Scotchlock crimping tool

Part Number: TWT-SLC-TOOL

Scotchlock crimping tool TWT-SLC-TOOL: specifications, description, purpose and use in structured cabling, data center and LANMASTER infrastructure projects.

Description

Versatile tool for crimping the UY, UY2, UR and UG Scotchlocks.

The tool avoids under-pressure and overpressure the Scotchlocks because it has a squeeze stop.

Equipped with special non-slip insulated pads on the handles, and a spring-loaded tool jaw.
