Product Data Sheet

19" brush seal blanking panel with rear supporting bracket, 1U

Part Number: LAN-ORG/BPSB-1U

19" brush seal blanking panel with rear supporting bracket, 1U

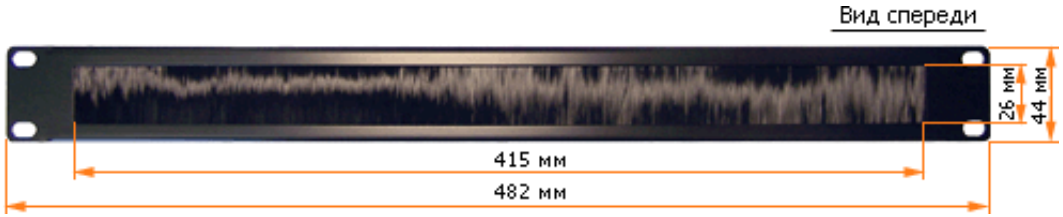

Description

1U brush seal blanking metal panel allows you to route patch cords and hide excess cable on the back of patch panels, leaving the patch panel free of obstacles.

Brush seal allows quick and easy routing of patch cords, provides reliable dust protection and aesthetic appearance of the telecommunication cabinet.

Additional bracket included with the panel kit allows you to fasten patch cords with cable ties or Velcro straps.
