Product Data Sheet

19" cable manager with detachable plastic rings, 2U

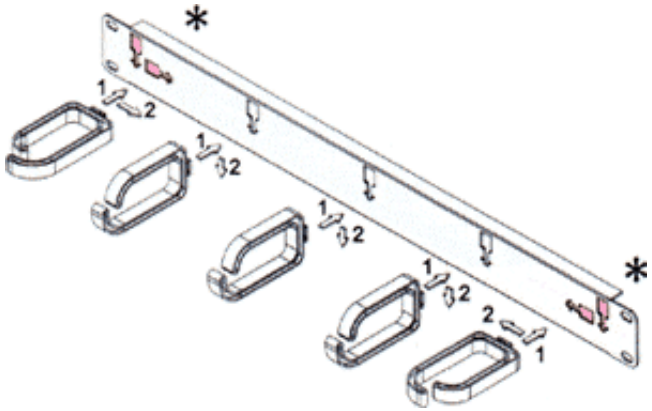

Part Number: LAN-ORG-2U

19" cable manager with detachable plastic rings, 2U

Description

The cable manager with detachable plastic rings is designed for storing excess length of patch cords, which allows you to manage the placement of cords, avoid the creation of loops, and ensure good visibility of the labels.

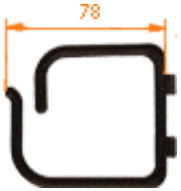

Cable manager allows you to install up to 5 plastic rings.

Two outer rings can be attached horizontally to manage vertical cable streams.

The detachable plastic rings can be easily replaced when breakdown with spare LAN-RING-2U rings. (Spare rings are not included).
