Product Data Sheet

High load castors and foot kit for LANMASTER DC cabinets

Part Number: LAN-DC-CB-R+F-SET

High load castors and feet kit for LANMASTER DC cabinets

Description

The kit is intended for installation on a DC series cabinet to ensure the mobility of the cabinet, the possibility of moving the cabinet and its subsequent alignment in a horizontal plane using leveling feet. Castors and feet are reinforced, withstand increased load.

Swivel castors consist of a wheel, a plain bearing, and a swivel bracket. The rotation of the wheel is provided by a ball bearing.

Allowable static load on the castors is not more than 1050 kg.

Kit includes 4 castors, 4 mounting bolts, washers, and nuts.
