Product Data Sheet

Backlight for 19" wall-mount cabinets, 8 W, white light, 1 m power cord

Part Number: TWT-CBW-LAMP

Backlight for 19" wall-mount cabinets, 8 W, white light, 1 m power cord

Description

Luminaire with fluorescent lamp is designed for installation on 19” rails of a wall-mount cabinet or floor telecommunication cabinet.

The luminaire is mounted on a 19" panel of 0.5U height.

Several luminaires can be combined into a single circuit using the connecting adapters included in the kit.

Supplied with a cool white lamp with a power of 8 W (type T5).

There is a mini switch on the lamp body.

Base kit includes power cord with Euro plug (2 terminals), mounting brackets and mounting screws, and fasteners for mounting rail.

Body materials are PVC and duralumin.

The base panel made of cold-rolled steel.

Panel painting is powder coating.

Lamp is fluorescent of 8 W made of glass.

The luminaire is manufactured according to **GB7000.10-1999** and **GB7000.1-2007.**

Specification	Value
Luminaire dimensions (Width x Height x Depth, mm)	313 x 24 x 39
Panel dimensions (Width x Height x Depth, mm)	484 x 29 x 12
Supply voltage (Volt, AC)	220 ±10%
Power consumption (Watt)	8 ±5%
AC Frequency (Herz)	50 / 60
Relative humidity (%)	20% - 85%
