Crimping tool for EZ, 6P, 8P plugs with a ratchet mechanism

Product Code: LAN-CRI-468R/EZ

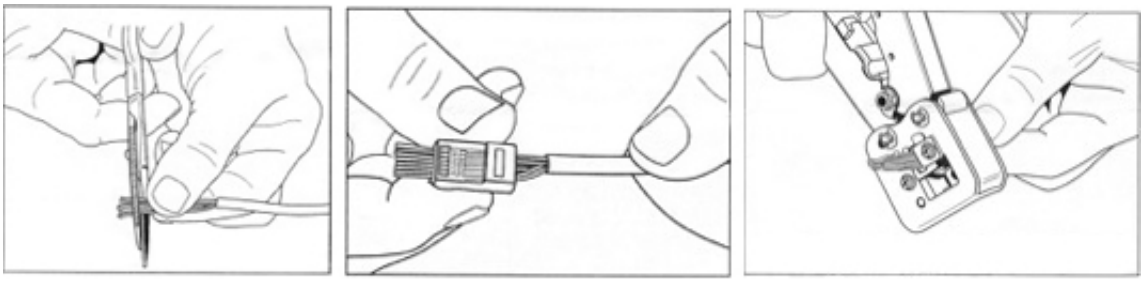

Crimping tool for EZ, 6P, 8P plugs with a ratchet mechanism

Description

Crimping tool for RJ-45 and RJ-12 **EZ type** plugs (8P8C, 6P6C, 6P4C, 6P2C). The tool is compact and rugged, has a ratchet mechanism, and is lightweight.

The design includes blades for cutting and stripping cables. The metal part of the handle is marked with a wire map according to the T568A and T568B diagrams for convenience.

The tool is used to crimp **EZ plugs** with a through hole. The distinctive feature of these connectors and the tool used is that there is no need to align the wires before crimping the plug, they do not rest on the front of the plug but pass through. Thanks to the integrated cutter, excess wire length is automatically cut off when the crimping mechanism is actuated.
