DIN-rail mounting frame for Keystone module installation, white

Product Code: LAN-DRF-1OK-WH

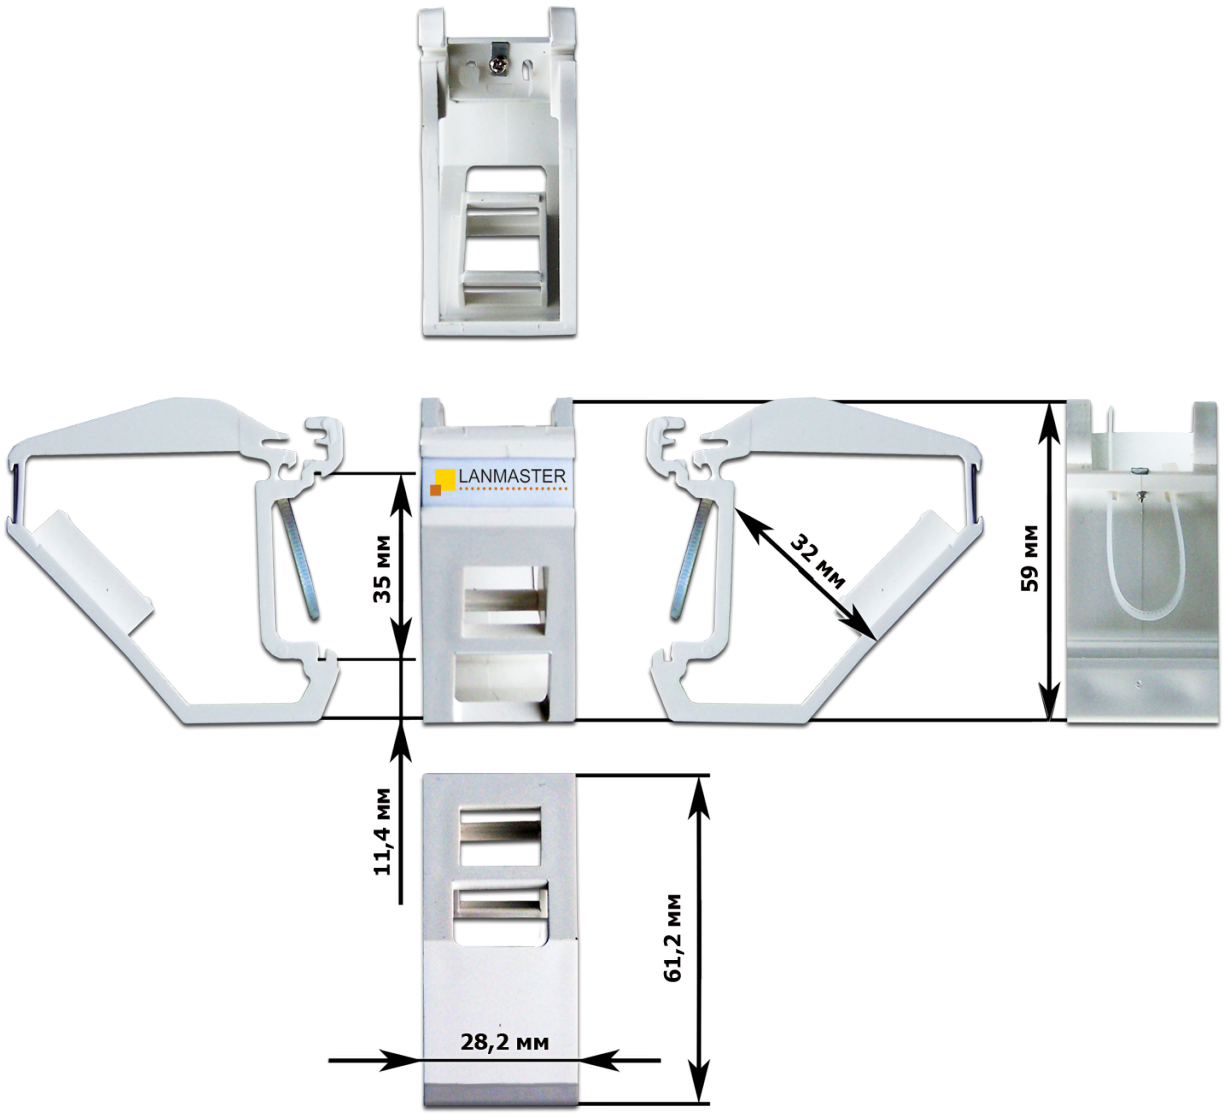

DIN-rail mounting frame for Keystone module installation, white

Description

The mounting frame is designed for installation on a DIN rail of industrial electrical cabinets to organize sockets for data communication lines.

Mounts to standard 35mm DIN rails with a simple snap.

Allows you to install a data socket Keystone module, with a total depth of no more than 32mm.

It has a terminal for connecting the ground conductor and provides a structure for fastening the jacket of the incoming cable with a tie.

There is also a field for labeling with a paper insert and a transparent protective film.

Made of ABS.

Color is white (RAL9010).
