RJ45 port replicator for DIN-rail mounting, shielded, Category 6, Keystone-type, with shutters, white

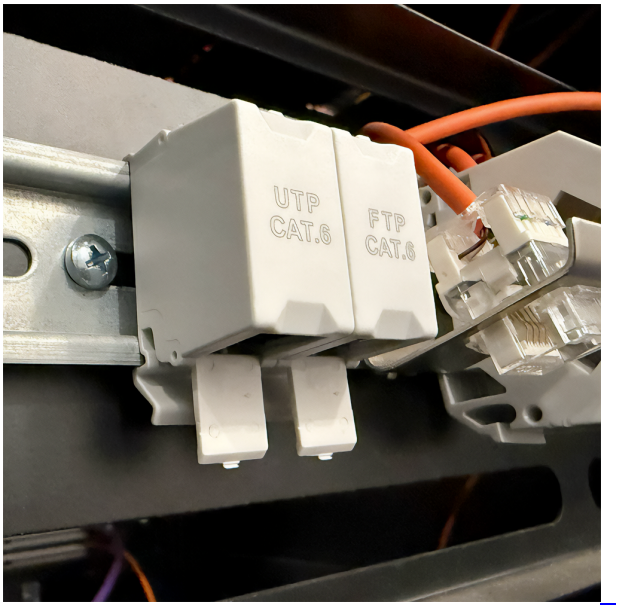

Product Code: LAN-DRF-KCP45S6-WH

RJ45 port replicator for DIN-rail mounting, shielded, Category 6, Keystone-type, with shutters, white

Description

This compact RJ-45 port repeater (adapter) of female-to-female type is intended to be mounted on a DIN rail inside industrial electric automation cabinets, to provide convenient access points for telecommunication lines.

It snaps onto a 35-mm DIN rail with a simple snap-on mechanism.

The port repeaters are generally used during repair, to quickly restore connections on damaged cables as well as to provide transition points.

Specifications:

Category	6
Modular jack	RJ45
Cable entry orientation	180° (feed-forward line)
Cable type	STP (shielded)
