RJ-45 socket coupler, shielded, category 6, Keystone form-factor

Product Code: LAN-KCP45S6

RJ-45 socket coupler, shielded, category 6, Keystone form-factor

Description

Socket coupler can be used for installation in modular patch panels, as well as for completing shielded telecommunication sockets installed in a wall box.

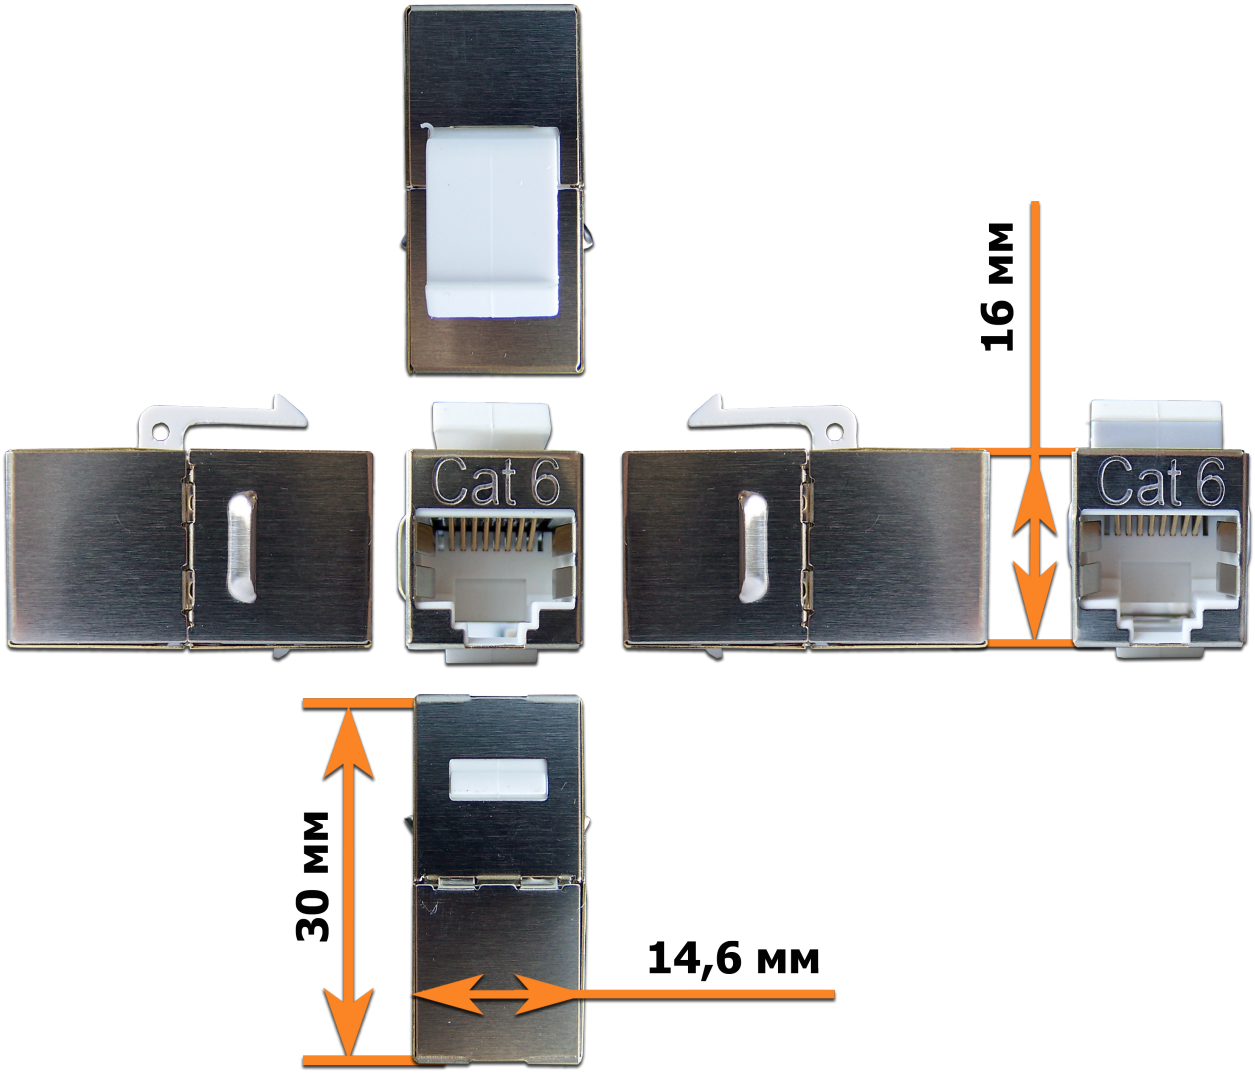

They are used for quick connection of pre-terminated cable assemblies when organizing SCS, including in DCs (Data Centers).

It has a standard Keystone form-factor and can be installed in sockets and panels from other manufacturers.

Fully category 6 compliant.

Metal housing ensures continuity of the screen.

On the front and back sides of the coupler are mounted shielded eight-pin RJ-45 sockets marked "Cat 6".
