LANMASTER FTP cat. 5E patch-cord with molded boots

Product Code: LAN-S45-45-XX-XX

LANMASTER FTP cat. 5E patch-cord with molded boots

Description

Patch cords is category 5e and fully comply with ISO/IEC 11801 standards.

The junction between the RJ-45 plug and the cable is filled with a plastic to ensure a strong connection between them, such a connection is called molded.

Special side ribs are provided at the molded part of the plug to protect the locking latch of the RJ-45 connector from damage and breakage. This solution does not interfere with pressing the latch.

The plug has flexible strain relief boot, which provides a given cable bending radius during operation.

Out of production, replaced by: LAN-PC45/S5E-XX-XX.
