## LANMASTER optical patch cord, LSZH, ST/PC-ST/PC, MM

**Product Code:** LAN-ST-ST-MM

LANMASTER optical patch cord, LSZH, ST/PC-ST/PC, MM

## Description

ST-ST 50/125 patch cord - a piece of optical cable with one or two fibers (with a 3 mm buffer coating), each of which is terminated with an ST optical connector.

The patch cord is used for connection between various network devices or between a network device and a fiber optic cross or inside a fiber optic cross.

The patch cord is used for connection between various network devices or between a network device and a fiber optic cross or inside a fiber optic cross.

Installed connectors are numbered.

Each patch cord comes individually packaged.
