22.5x45 Mosaic insert with 2xRJ45 Cat.6 sockets, white

Product Code: LAN-WA-LP-2x45/6-WH

22.5x45 Mosaic insert with 2xRJ45 Cat.6 sockets, white

Description

The front panel with built-in category 6 UTP RJ-45 (8P8C) modules is designed to organize a two-socket workplace for unshielded data and voice networks.

Termination of the cable from the rear side of the panel is done by the method of insulation displacement contact (IDC) on the LSA type termination block. To ensure error-free connection, all contacts of the blocks have digital identifiers.

The front panel is used to complete Mosaic sockets, for installation in floor hatches, minicolumns, wall blocks. The panel has a size of 45x22.5, installation is done by snapping into the mounting frame.

Supplied individually packed.

Made of ABS.

Color is white RAL9010.
