22.5x45 Mosaic insert with TV socket, white

Product Code: LAN-WA-LP-TV-WH

22.5x45 Mosaic insert with TV socket, white

Description

The front panel is designed to organize the connection point for the coaxial cable.

On the front side, the module is equipped with a PAL female socket. The termination of the cable conductors from the back is carried out in the screw block. Common TV/PAL coaxial plug is used to connect cables for TV, video, antenna amplifier, CATV network, etc.

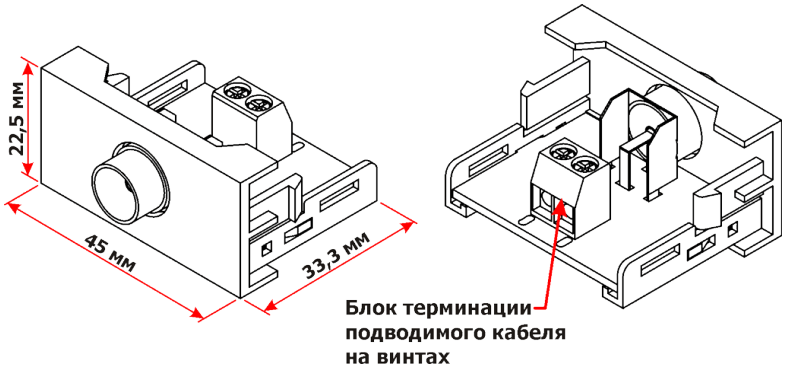

The front panel is used to complete Mosaic sockets, for installation in floor hatches, minicolumns, wall blocks. The panel has a size of 45x22.5, installation is done by snapping into the mounting frame.

Supplied individually packed.

Made of ABS.

Color is white RAL9010.
