Product Data Sheet

Brush cable entry for the roof and floor panels of the LANMASTER DC cabinet

Part Number: LAN-DC-CB-BRP

Brush cable entry for the roof and floor panels of the LANMASTER DC cabinet

Description

Brush cable entry is intendent to protect the interior of the cabinet from dust and dirt, and to prevent air leaks at the places where cables enter the cabinet.

Brush entries also reduce the risk of damage to the cable from the edge of the cable entry hole.

Fits into the appropriate holes in the roof and floor panels of LANMASTER DC series cabinets.

Design - metal frame and PVC bristles.
