Product Data Sheet

Rounded elbow 24x14

Part Number: TWT-CT24x14-RC-WH

TWT-CTXXxXX-RC-WH Rounded Elbows for 90° horizontal surface connections with cable bend radius protection.

Description

Designed for connecting sections of conduit on a horizontal surface at a 90° angle. The elbow features a specified bend radius that prevents cable kinking during installation, which is especially critical for fiber optic cable installation.

Part Numbers

TWT-CT39x18-RC-WH	Rounded elbow 39x18
TWT-CT24x14-RC-WH	Rounded elbow 24x14
