TWT UTP cable, 50 pairs, category 5e, outdoor, 305 meters

Product Code: TWT-5EUTP50-OUT

TWT UTP cable, 50 pairs, category 5e, outdoor, 305 meters

Description

The multipairs unshielded cable is designed for transmission of data, voice and CCTV signals on frequencies below 100 MHz. The cable comprises 50 pairs of solid copper conductors. Outer jacket is PE.

Each conductor is covered with HDPE (high density polyethylene) insulation. Two conductors are twisted with specially selected step in a single twisted pair.

The twisted pairs are gathered arownd a core element and covered with a single PE jacket.

There is a ripcord under the cable jacket for termination process convenience.

The cable is delivered on reels by 305 meters length. Other construction lengths are available by order.
