L-shaped mounting rails for “Business” cabinets, 2 pcs., black

Product Code: TWT-CBB-LMP-xxU

L-shaped mounting rails for “Business” cabinets, 2 pcs., black

Description

L-shaped mounting rails are designed to be installed instead of the usual 19" rails supplied with the cabinet. L-shaped rails are used to install server equipment that has a larger width or wider elements for mounting the server in the cabinet.

The difference between the L-shaped rails and the usual G-shaped rails is the absence of two additional bend angles that reduce the internal distance between the left and right rail.

Rack units mark are placed on the front surface of the L-shaped rails. Rails are supplied in pairs.

Made of 2 mm thick cold-rolled steel.

Powder coating painting.

Color is black (RAL 9004).
