LSA test cord 4-pole with crocodile clips, 1.5m

Product Code: TWT-LSA-P4-CR4-1.5m

LSA test cord 4-pole with crocodile clips, 1.5m

Description

4-pole test cord for connection to the one pair of an LSA disconnection module is designed for temporary connection to a working communication line for test measurements to evaluate line performance. One side of the cord has a plug for one pair of disconnection module, the other side has crocodile clips.

This type of test cord breaks the line under test and allows performance measurements to be made both from the line side and from the subscriber side.

Model range

TWT-LSA-P4-CR4-1.5m	LSA test cord 4-pole with crocodile clips, 1.5m
